Re: New Mission, LLC – Request for Extension of Time to Respond to EPA's December 4, 2012 Request for Information Pursuant to Section 104(e) of CERCLA, Mission Trace Shopping Center, Colorado Springs, CO

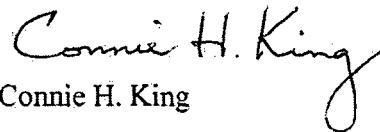

Dear Mr. Sisk:

My client, New Mission, LLC, received a letter dated December 4, 2012 from the United States Environmental Protection Agency, Region 8 ("EPA") requesting information pursuant to Section 104(e) of CERCLA. In this letter, EPA requested a response within 30 days.

I was traveling from December 3rd to December 13th; therefore, I have not been available to prepare a response for my client. Also, there are two major holidays that will occur within the 30 days after December 4th. To provide my client with an adequate amount of time to prepare a complete and thorough response to EPA's request, please extend the deadline for my client's response by an additional 30 days.

Please don't hesitate to contact me if you have any questions. Thank you very much for your consideration.

Very truly yours,

Connie H. King
